Senior Leadership Team and Subject Leaders

Our Senior Leadership Team will:

- *Provide training and support to our other staff.*
- *Support the Head of Centre in the quality assurance of the final teacher assessed grades.*
- *Ensure an effective and robust approach within and across departments and authenticating the preliminary outcome from single teacher subjects.*
- *Be responsible for ensuring staff have a clear understanding of the internal and external quality assurance processes and their role within it.*
- *Ensure that all teachers within their department make consistent judgements about student evidence in deriving a grade.*
- *Ensure all staff conduct assessments under the appropriate levels of control with reference to guidance provided by the Joint Council for Qualifications.*
- *Ensure teachers have the information required to make accurate and fair judgments.*
- *Ensure that a Subject Leader Checklist is completed for each qualification that they are submitting.*

Our Subject Leaders will:

- *Ensure an effective and robust approach within their subject area*

- *Ensure teachers have the information required to make accurate and fair judgments.*
- *Lead on a robust programme of standardisation and moderation activities within their subject area*
- *Complete a Subject Leader Checklist*

Teachers/Specialist Teachers/SENDCo

Our teachers, specialist teachers and SENDCo will:

- *Ensure they conduct assessments under our centre's appropriate levels of control and have sufficient evidence, in line with this Centre Policy and guidance from the Joint Council for Qualifications, to provide teacher assessed grades for each student they have entered for a qualification.*
- *Ensure that the teacher assessed grade they assign to each student is a fair, valid and reliable reflection of the assessed evidence available for each student.*
- *Make judgements based on what each student has been taught and what they have been assessed on, as outlined in the section on grading in the main JCQ guidance.*
- *Produce an Assessment Record for each subject cohort, that includes the nature of the assessment evidence being used, the level of control for assessments considered, and any other evidence that explains the determination of the final teacher assessed grades. Any necessary variations for individual students will also be recorded.*
- *Securely store and be able to retrieve sufficient evidence to justify their decisions. All evidence will be held centrally in the exams safe for each student and subject*

Examinations Officer

Our Examinations Officer will:

- *Be responsible for the oversight of our two formal assessment weeks and management of robust Access Arrangements for those students who qualify (this includes effective liaison with the SENDCo*
- *Be responsible for the administration of our final teacher assessed grades and for managing the post-results services.*

Training, support and guidance

This section of our Centre Policy outlines the training, support and guidance that our centre will provide to those determining teacher assessed grades this year.

Training

This section provides details of the approach our centre will take to support and guidance in determining teacher assessed grades this year

- *Teachers involved in determining grades in our centre will attend any centre-based support to help achieve consistency and fairness to all students. This will include standardisation and moderation meetings, as well as, final grading meetings where required*
- *Teachers will engage fully with any training and support that has been provided by the Joint Council for Qualifications and the awarding organisations where necessary.*

Support for Newly Qualified Teachers and teachers less familiar with assessment

This section provides details of our approach to training, support and guidance for newly qualified teachers and teachers less familiar with assessment

- *We will provide support from experienced teachers to NQTs and teachers less familiar with assessment where this is deemed appropriate and necessary. This will be predominantly through involvement in our standardisation and moderation activities*
- *We will put in place additional internal reviews of teacher assessed grades for NQTs and other teachers as/if appropriate. This will sit alongside the moderation meetings within our internal Quality Assurance programme.*

Use of appropriate evidence

This section of our Centre Policy indicates how our centre will give due regard to the section in the JCQ guidance entitled: *Guidance on grading for teachers*.

A. Use of evidence

This section gives details in relation to our use of evidence.

- *Teachers making judgements will have regard to the Ofqual Head of Centre guidance on recommended evidence, and further guidance provided by awarding organisations.*
- *All candidate evidence used to determine teacher assessed grades, and associated documentation, will be retained and made available for the purposes of external quality assurance and appeals.*
- *We will use student work produced in centre-devised tasks in examination conditions that reflect the specification, that follow the same format as awarding organisation materials, and have been marked in a way that reflects awarding organisation mark schemes. We will combine and/or remove elements of questions where, for example, a multi-part question includes a part which focuses on an element of the specification that hasn't been taught.*
- *We will use non-exam assessment work, NEA (often referred to as coursework) in relevant subjects, even if this has not been fully completed in the subjects where this has been decided and is reflective of the breakdown of the awarding of the final grade*
- *We will use **substantial** class or homework (including work that took place during remote learning) **only** if we do not have evidence of student work from the centre-devised tasks in point 3.*
- *We will not use mock exams taken over the course of study as these were missed due to national lockdowns. This was the case in Year 10 and Year 11.*
- *We will use records of a student's capability and performance over the course of study in performance-based subjects such as music, drama and PE only if required to support the written assessments completed in point 3. In most cases, this will contribute towards marks for NEA*

We provide further detail in the following areas:

Additional Assessment Materials

- *We will use additional assessment materials to give students the opportunity to show what they know, understand or can do in an area of content that has been taught **only** if there is no evidence from the two designated assessment weeks to support an accurate judgement*

Our centre will ensure the appropriateness of evidence and balance of evidence in arriving at grades in the following ways:

- We will only consider evidence that has been generated under high control and under supervision with appropriate access arrangements in place to support students with additional needs. The exception to this will only be in the event of an insufficient amount of evidence for a student due to absence during the identified assessment weeks*
- We will ensure that we are able to authenticate the work as the student's own, especially where that work was not completed within the school. This will only be in the case of missed internal assessment weeks.*
- Any NEA work completed as part of the awarding of a final grade will need a full declaration form signed by both teacher and student*
- We will consider the specification, assessment objectives and taught content in the design of our assessments.*
- We will consider the depth and breadth of knowledge, understanding and skills assessed, especially higher order skills within individual assessments.*
- The full assessment content will ensure coverage of all available grades linked to the subject and qualification type.*

Determining teacher assessed grades

This section of our Centre Policy outlines the approach our centre will take to awarding teacher assessed grades.

Awarding teacher assessed grades based on evidence

We give details here of our centre's approach to awarding teacher assessed grades.

- *Our teachers will determine grades based on evidence which is commensurate with the standard at which a student is performing, i.e. their demonstrated knowledge, understanding and skills across the content of the course they have been taught.*
- *Our teachers will record how the evidence was used to arrive at a fair and objective grade, which is free from bias **should/and only if** this deviate from the evidence produced under high control within the assessment weeks. The exception will be for students who have minimal or no evidence from the formal internal assessment weeks*
- *Our Subject Leaders will produce an Assessment Record for each subject cohort and will share this with a Senior line manager. Any necessary variations for individual students will also be shared and recorded.*
- *We will provide our students with two formal assessment weeks in order for them to demonstrate their level of ability.*
- *The two formal assessment weeks will provide the appropriate requirement for robust and effective access arrangements to those students who have been deemed to require the additional support*
- *The evidence produced from the assessment weeks will be generated from taught content only*
- *All assessments taken during the two weeks will be completed under a high level of control. The use of our long-standing, trained examination invigilators will support the high control conditions for all students*
- *Should further evidence be required for students where either minimal or no evidence is available from the two assessment weeks, the submitted work will have matched the controlled conditions laid out above. This will be clearly evidenced.*

Internal quality assurance

This section of our Centre Policy outlines the approach our centre will take to ensure internal standardisation of teacher assessed grades, to ensure consistency, fairness and objectivity of decisions.

Head of Centre Internal Quality Assurance and Declaration

Internal quality assurance

This section gives details of our approach to internal standardisation, within and across subject departments.

- *We will ensure that all teachers involved in deriving teacher assessed grades read and understand this Centre Policy document.*
- *In subjects where there is more than one teacher and/or class in the department, we will ensure that our centre carries out an internal standardisation and moderation process.*
- *We will ensure that all teachers are provided with training and support to ensure they take a consistent approach to:*
 - *Arriving at teacher assessed grades*
 - *Marking of evidence*
 - *Reaching a holistic grading decision*
 - *Applying the use of grading support and documentation where/if appropriate*
- *We will conduct internal standardisation across all subjects before both assessment weeks to ensure subject staff are supported in the accurate application of the mark schemes.*
- *We will ensure that the Assessment Record will form the basis of internal moderation and discussions across teachers to agree the awarding of teacher assessed grades.*
- *Where necessary, we will review and reflect on individual grading decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where appropriate, we will amend individual grade decisions to ensure alignment with the standards as outlined by our awarding organisation(s).*
- *Where there is only one teacher involved in marking assessments and determining grades, then the output of this activity will be reviewed by an appropriate member of staff within the centre.*
- *This will be Mr Hayfield, Assistant Headteacher.*
- *Where it is feasible, we will engage in moderation activities with other local schools to further support the determination of grades in small subjects*
- *In respect of equality legislation, we will consider the range of evidence for students of different protected characteristics that are included in our internal standardisation. To further support this, all assessment marking will be carried out without the prior knowledge of the student completing the work*

Comparison of teacher assessed grades to results for previous cohorts

This section of our Centre Policy outlines the approach we will take to compare our teacher assessed grades in 2021 with results from previous cohorts.

Comparison of Teacher Assessed Grades to results for previous cohorts

This section gives details of our internal process to ensure a comparison of teacher assessed grades at qualification level to results for previous cohorts in our centre taking the same qualification.

- *We will compile information on the grades awarded to our students in past June series in which exams took place (e.g. 2017 - 2019).*
- *We will consider the size of our cohort from year to year.*
- *We will consider the stability of our centre's overall grade outcomes from year to year.*
- *We will consider both subject and centre level variation in our outcomes during the internal quality assurance process.*
- *We will prepare a succinct narrative on the outcomes of the review against historic data which, in the event of significant divergence from the qualifications-levels profiles attained in previous examined years, which address the reasons for this divergence. This commentary will be available for subsequent review during the QA process.*

This section gives details of the approach our centre will follow if our initial teacher assessed grades for a qualification are viewed as overly lenient or harsh compared to results in previous years.

- *We will compile historical data giving appropriate regard to potential mixtures of A*-G and 9-1 grades in GCSEs. Where required, we will use the Ofqual guidance to convert legacy grades into the new 9 to 1 scale.*
- *We will bring together other data sources deemed appropriate that will help to quality assure the grades we intend to award in 2021. This may include relevant information from Fischer Family Trust and collaborative benchmarking from our analytical software SISRA*

This section gives details of changes in our cohorts that need to be reflected in our comparisons.

- *We will omit subjects that we no longer offer from the historical data.*

Access Arrangements and Special Considerations

This section of our Centre Policy outlines the approach our centre will take to provide students with appropriate access arrangements and take into account mitigating circumstances in particular instances.

Reasonable adjustments and mitigating circumstances (special consideration)

This section gives details of our approach to access arrangements and mitigating circumstances (special consideration).

- *Where students have agreed access arrangements or reasonable adjustments (for example a reader, scribe, use of a laptop or extra time), we will make every effort to ensure that these arrangements are in place when assessments are being taken.*
- *Where illness or other personal circumstances might have affected performance in assessments used in determining a student's standard of performance, we will take account of this when making judgements.*
- *We will record, as part of the Assessment Record, how we have incorporated any necessary variations to take account of the impact of illness or personal circumstances on the performance of individual students in assessments.*

Addressing disruption/differential lost learning (DLL)

B. Addressing Disruption/Differentiated Lost Learning (DLL)

This section gives details of our approach to address disruption or differentiated lost teaching.

- *Teacher assessed grades will be determined based solely on evidence of the content that has been taught for each student in face-to-face learning.*
- *In the event of further disruption to learning/assessments e.g. national/local lockdowns, any planned internal assessment weeks will be rescheduled at a later date. Evidence from the first assessment week only will be used where opportunity for rescheduling assessments within the timeframe cannot occur. Any lost face-to-face content teaching will be removed from the upcoming internal assessments*
- *In the unlikely event of a cyber-attack on our school systems, we will follow the appropriate school procedures. Systems are currently backed-up every 24 hours. Therefore, we would still be able to access all marks/grades submitted for each student*

Objectivity

This section of our Centre Policy outlines the arrangements in place to ensure objectivity of decisions.

Objectivity

This section gives a summary of the arrangements in place within our centre in relation to objectivity.

Staff will fulfil their duties and responsibilities in relation to relevant equality and disability legislation.

Senior Leaders, Subject Leaders and Centre will consider:

- *sources of unfairness and bias (situations/contexts, difficulty, presentation and format, language, conditions for assessment, marker preconceptions);*
- *how to minimise bias in questions and marking and hidden forms of bias); and*
- *bias in teacher assessed grades.*

To ensure objectivity, all staff involved in determining teacher assessed grades will be made aware that:

- *unconscious bias can skew judgements. As a result, all assessments will be randomly marked and removed of student names*
- *the evidence presented should be valued for its own merit as an indication of performance and attainment*
- *teacher assessed grades should not be influenced by candidates' positive or challenging personal circumstances, character, behaviour, appearance, socio-economic background, or protected characteristics. As a result, all assessments will be randomly marked and removed of student names*

Our internal standardisation/moderation process will help to ensure that there are different perspectives to the quality assurance process.

Recording decisions and retention of evidence and data

This section of our Centre Policy outlines our arrangements to recording decisions and to retaining evidence and data.

C. Recording Decisions and Retention of Evidence and Data

This section outlines our approach to recording decisions and retaining evidence and data.

- *We will ensure that teachers and Subject Leaders maintain records that show how the teacher assessed grades process operated, including the rationale for decisions in relation to individual marks/grades.*
- *We will ensure that evidence is maintained across a variety of assessments to develop a holistic view of each student's demonstrated knowledge, understanding and skills in the areas of content taught.*
- *We will put in place recording requirements for the various stages of the process to ensure the accurate and secure retention of the evidence used to make decisions.*
- *We will comply with our obligations regarding data protection legislation.*
- *We will ensure that the grades accurately reflect the evidence submitted.*
- *We will ensure that evidence is retained electronically and/or on paper in a secure centre-based system that can be readily shared with our awarding organisation(s).*

Authenticating evidence

D. Authenticating evidence

This section of our Centre Policy details the mechanisms in place to ensure that teachers are confident in the authenticity of evidence, and the process for dealing with cases where evidence is not thought to be authentic.

- *Robust mechanisms, which will include using evidence solely from controlled conditions, will be in place to ensure that teachers are confident that work used as evidence is the students' own and that no inappropriate levels of support have been given to students to complete it, either within the centre or with external tutors.*
- *Authentication forms will be completed and signed by both teacher and students where this applies. This will only be where there has been no evidence gathered from the designated internal assessment weeks*
- *It is understood that awarding organisations will investigate instances where it appears evidence is not authentic. We will follow all guidance provided by awarding organisations to support these determinations of authenticity.*

Confidentiality, malpractice and conflicts of interest

Confidentiality

This section of our Centre Policy outlines the measures in place to ensure the confidentiality of the grades our centre determines, and to make students aware of the range of evidence on which those grades will be based.

A. Confidentiality

This section details the measures in place in our centre to maintain the confidentiality of grades, while sharing information regarding the range of evidence on which the grades will be based.

- *All staff involved have been made aware of the need to maintain the confidentiality of teacher assessed grades.*
- *All teaching staff have been briefed on the requirement to share details of the range of evidence on which students' grades will be based (this will be predominantly done on whole year group level), while ensuring that details of the final grades remain confidential.*
- *Relevant details from this Policy, including requirements around sharing details of evidence and the confidentiality requirements, have been shared with parents/guardians.*

Malpractice

This section of our Centre Policy outlines the measures in place to prevent malpractice and other breaches of exam regulations, and to deal with such cases if they occur.

B. Malpractice

This section details the measures in place in our centre to prevent malpractice and, where that proves impossible, to handle cases in accordance with awarding organisation requirements.

- *Our general centre policies regarding malpractice, maladministration and conflicts of interest have been reviewed to ensure they address the specific challenges of delivery in Summer 2021.*
- *All staff involved have been made aware of the specific types of malpractice which may affect the Summer 2021 series including:*
 - *breaches of internal security;*
 - *deception;*
 - *improper assistance to students;*
 - *failure to appropriately authenticate a student's work;*
 - *over direction of students in preparation for common assessments;*
 - *allegations that centres submit grades not supported by evidence that they know to be inaccurate;*
 - *centres enter students who were not originally intending to certificate a grade in the Summer 2021 series;*
 - *failure to engage as requested with awarding organisations during the External Quality Assurance and appeal stages; and*

- *failure to keep appropriate records of decisions made and teacher assessed grades.*
- *The consequences of malpractice or maladministration as published in the JCQ guidance: [JCQ Suspected Malpractice: Policies and Procedures](#) and including the risk of a delay to students receiving their grades, up to, and including, removal of centre status have been outlined to all relevant staff.*

Conflicts of Interest

This section of our Centre Policy outlines the measures in place to address potential conflicts of interest.

C. Conflicts of Interest

This section details our approach to addressing conflicts of interest, and how we will respond to such allegations.

- *To protect the integrity of assessments, all staff involved in the determination of grades must declare any conflict of interest such as relationships with students to our Head of Centre for further consideration.*
- *Our Head of Centre will take appropriate action to manage any conflicts of interest arising with centre staff in accordance with the JCQ documents - [General Regulations for Approved Centres, 1 September 2020 to 31 August 2021](#).*
- *We will also carefully consider the need to separate duties if required and personnel to ensure fairness in later process reviews and appeals.*

External Quality Assurance

This section of our Centre Policy outlines the arrangements in place to comply with awarding organisation arrangements for External Quality Assurance of teacher assessed grades in a timely and effective way.

A. External Quality Assurance

This section outlines the arrangements we have in place to ensure the relevant documentation and assessment evidence can be provided in a timely manner for the purposes of External Quality Assurance sampling, and that staff can be made available to respond to enquiries.

- *All necessary records of decision-making in relation to determining grades have been properly kept and can be made available for review as required.*
- *All student evidence on which decisions regarding the determination of grades has been retained and can be made available for review as required.*
- *Instances where student evidence used to decide teacher assessed grades is not available, for example where the material has previously been returned to students and cannot now be retrieved, will be clearly recorded on the appropriate documentation.*
- *All staff involved have been briefed on the possibility of interaction with awarding organisations during the different stages of the External Quality Assurance process and can respond promptly and fully to enquiries, including attendance at Virtual Visits should this prove necessary.*
- *Arrangements are in place to respond fully and promptly to any additional requirements/reviews that may be identified as a result of the External Quality Assurance process.*
- *Staff have been made aware that a failure to respond fully and effectively to such additional requirements may result in further action by the awarding organisations, including the withholding of results.*
